Dear Mike,

Thank you so much for being a part of the Grand Opening of our Florence Nieft Children's Room. Your comic performance was outstanding! You creatively balanced the appropriate amount of comedy for both young children and their slightly older parents. You had a wonderful rapport with the audience, especially 6 year old Patrick. You did a fantastic job with your solo performance as well as your trio performance with your two daughters. Thank you so much for a "stand up" job! Please feel free to share this letter with others and to use it as a recommendation. We highly recommend you to others and we hope to have you back again this fall!

Sincerely,

Kimberly Robenstein  
Family Program Director

*P.S. Thanks again for everything! I believe I told you I would return one of your pictures to you after the program. We scanned it into our computer so that we can use it next time around. Will talk to you soon. Thanks!*
