Dear Daddy & Daughters:

As the Ambassador of Fun it is always a struggle to find entertainment that is suitable for families. That is why you and your daughters were a breath of fresh air! This was family entertainment done by a family. I loved the standup, and the impressions, and the different characters that were part of the show. And Mike, you were good, too.

A lot of guests commented on of much fun it was to be involved in the actual show itself. I, personally, was amazed at versatility of the group everything from the songs, to the game show at the end where you brought up the audience to participate. We certainly enjoyed the show and are looking forward to your next visit!

Thanks for your participation and efforts. We loved having you.

Sincerely,

Tom Creel  
Ambassador of Fun
